SUMMARY

Java Full Stack Developer skilled in Frontend (React, HTML, CSS, JavaScript) and Backend (Java, Spring Boot, SQL). Built multiple real-world projects to strengthen practical skills. Experienced in delivering scalable and maintainable web applications. Passionate about innovative technology solutions and problem-solving.

EDUCATION

Shakuntala Vidyalaya, Bhilai

64%

Class 12th, 2020

Rungta College of Engineering, Bhilai

CGPA: 7.9/10

Bachelor of Technology (B.Tech) in Computer Science, 2024

- Relevant Coursework: Data Structures and Algorithms (Java), Database Management Systems, Object-Oriented Programming, Operating Systems.

SKILLS

Languages	Java, JavaScript (ES6+)
Frontend	React.js, HTML5, CSS3, Tailwind CSS
Backend	Spring Boot, Spring Security (JWT), REST APIs
Database	MySQL / PostgreSQL, JPA, Hibernate
AI & Modern Tech	AI-assisted Development (ChatGPT, GitHub Copilot), REST API Integration
DevOps & Tools	Docker, Git, GitHub, Postman, CI/CD (GitHub Actions), Railway

PROJECTS

- **Portfolio Website** ([Live](#) | [GitHub](#))
 - Personal portfolio website to showcase projects, skills, and resume.
 - Built using React with a clean and responsive user interface.
 - Optimized for desktop and mobile devices.
- **VaultPay – Money Transfer Application** ([Live](#) | [GitHub](#))
 - Secure wallet-based money transfer application developed using Spring Boot and React.
 - Implemented user authentication, balance transfer, and transaction validations.
 - Maintained transaction history and user data using MySQL.
- **ResolveHub – Complaint Management System** ([Live](#) | [GitHub](#))
 - Full-stack complaint management system built using Spring Boot and React.
 - Implemented user authentication and role-based access using Spring Security (JWT).
 - Managed complaint data, status tracking, and user records using MySQL.

CERTIFICATION

Java Full Stack Development Course – TechnoLearn Institute (2025)

- Completed an extensive Full Stack program covering Java, Spring Boot, React, and SQL.
- Implemented multiple real-world projects to gain practical development experience.
- Gained hands-on exposure through a project-based internship as part of the course.
- Learned to integrate frontend and backend applications and deploy web applications.
